Venue & Accommodation

The wedding venue is a stylish, well appointed five star resort located on Mai Khao Beach in North Phuket. The wedding couple are required to stay for a minimum of three nights in order to secure the wedding package. Given you are upgraded to a Pool Villa for your stay for up to five nights at the deluxe room rate, it's certainly a brilliant opportunity to enjoy some luxury! There will be minimum number of guests required to stay at the resort to have your wedding here, for example approximately 20 – 30 room nights would need to be booked by your group, and discounted rates would be arranged and rooms held for delayed payment by your group.

Dependant on the number of rooms booked, and seasonal pricing, room rates start from about \$170 (May – October) and approx \$230 upwards (Nov – April) per night per room per couple including tax, service, gourmet breakfast daily and any children under 6. The resort features stylish modern interiors, gym, luxurious day spa, a large swimming pool by the beach, free kids club with a pool for children and their families and three restaurants, bars and a cafe. There are lush gardens and friendly staff, and the resort is walking distance to other

luxury resorts. There is a free shuttle service regularly to a shopping village 5 minutes away. There are local massage stalls daily in front of the hotel.

We appreciate there will be different budgets and situations within each group and can help recommend and book a good range of hotels nearby to your wedding venue for all guests to enjoy their holiday.

We can also assist with recommending and booking accommodation in Bangkok and on other islands. There is no obligation for your guests to book through us, however we offer fabulous rates and service.

Legalities

If you can complete the legalities of your marriage at home just before you leave for or after you return from Thailand this is our recommendation. Your ceremony will still look and feel legal and you can personalise your vows and have family and friends do readings also. If you would like to complete the legalities of your marriage in Thailand, for most nationalities, this is absolutely possible. You would need to spend three full weekday, non public holidays in Bangkok, arriving at the beach at least three days prior to your wedding to complete your legalities.

We charge an additional **\$250** to prepare a schedule for you to follow to be legally married in Thailand. We prepare a schedule for you of the process you must follow in Bangkok (to prepare the documents required to be legally married at your wedding ceremony at the beach resort), and we will organise your accommodation for you in Bangkok if you wish. For the legal aspect, we arrange for the council officer to attend your wedding ceremony at your wedding venue on your wedding day. There are costs associated with translation/consular fees etc that are less than \$1000 in total which we will make clear to you if you wish to complete your legal marriage in Thailand. As this council officer is not the person who conducts your wedding ceremony, your ceremony is not affected from a guest perspective whether it is legal or not, your ceremony will appear authentic either way.

If you do not wish to be legally married in Thailand, or visit Bangkok, you can contact your local registry office in your home town to arrange your legal marriage. You will still have a gorgeous wedding ceremony on your wedding day with a Western celebrant whether you complete your legalities in Thailand or not. We do not charge anything regarding legalities if you complete your legalities at home.

Choosing this Take us to Thailand Renaissance Package

If you would like to go ahead and have Take us Thailand organise your package wedding for you, please send us your full names and address so that we can prepare our terms for you.

Then the exciting part begins – we can begin planning your wedding and holiday with you!

The balance of costs owing will be spread out over the planning process. All optional extras you request will be billed to you 2 months prior to your wedding, with the final confirmation of guest numbers required three months prior to your wedding for billing to be completed.
