Venue & Accommodation:

The wedding venue is a family friendly, stylish, well appointed, ocean front, five star resort located in Patong, Phuket. Thai and international food, especially Italian cuisine is on offer during your stay. The resort has two restaurants, a lounge for guests who check in early or depart late, where they can relax if their room is not available and enjoy a shower/use lockers etc. There is also a day spa, kids' club, gym, and three main pools. There are many local restaurants/bars/shops within walking distance or a short drive of the hotel and loads of other budget accommodation. Phuket Airport is about an hour's drive away. Your wedding would be the only wedding on that day, and probably that week.

The wedding couple are required to stay for a minimum of three nights in order to secure the wedding package. It is strongly recommended that as many other guests as possible stay at your wedding venue with you for a few days (or weeks, whatever suits each of you individually!).

Room rates are about 4,930 thb (approximately AU \$190 in May – October) and approximately 6,750 thb (AU \$270 in November – April) per night per room per couple including tax, service, gourmet breakfast daily and internet.

We appreciate there will be different budgets and situations within each group and can help recommend and book a good range of hotels nearby to your wedding venue for all guests to enjoy their holiday.

We can also assist with recommending and booking accommodation in Bangkok and other islands. There is no obligation for your guests to book through us, however we offer fabulous rates and personalised service, having inspected the properties.

Legalities

If you can complete the legalities of your marriage at home just before you leave for or after you return from Thailand this is strongly recommended. Your ceremony will still look and feel legal and you can personalise your vows and have family and friends do readings of your/their choice also. It will look and feel legal.

If you would like to complete a legal Thai marriage, for most nationalities, this is possible. You would need to spend three full weekday, non public holidays in Bangkok, arriving at the beach at least three days prior to your wedding to complete your legalities.

We charge an additional **\$250** to prepare a schedule for you to follow to be legally married in Thailand. We prepare a schedule for you of the process you must follow in Bangkok (to prepare the documents required to be legally married at your wedding ceremony at the beach resort), and we will organise your accommodation for you in Bangkok. We arrange the council officer to attend your wedding ceremony on your wedding day. There are costs associated with translation/consular fees etc that are less than AU\$1,000, which we will make clear to you if you wish to complete your legal marriage in Thailand. As this council officer is not the person who conducts your wedding ceremony, your ceremony is not affected from a guest perspective whether it is legal or not, your ceremony will appear authentic either way.

If you do not wish to be legally married in Thailand, or visit Bangkok, you can contact your local registry office in your hometown to arrange your legal marriage. You will still have a gorgeous wedding ceremony on your wedding day with a Western celebrant whether you complete your legalities in Thailand or not. We do not charge anything regarding legalities if you complete your legalities at home.
